The Club has been very busy in the first two months of 2019! New Year’s Eve and Day events were held. Birthday nights were enjoyed by many with a celebration of a new year for each birthday celebrant who attended. The Book Circle held its dinner meeting and discussion of *Manhattan Beach*. And who can forget the Valentine’s Day Brunch and Dinner!

Thursday and Friday nights have been very busy in the Tap Room. Be sure to check out the specials that we have on those nights and get together a group and come and eat all you can enjoy at a special price.

All of your Committees have met and reported to the Board of Governors on February 12, 2019. As we look forward to warmer weather, please continue to enjoy all the events that the Club offers you. We depend on each of you to come and participate so that the Club can remain everything that it has been and will continue to be.

Best,
Barbara Kerr Howe,
President, Board of Governors, Johns Hopkins Club

The evening’s highlight was the announcement of the 2018 Employee of the Year when General Manager Cem Baraz presented the award to Satyajit “Paul” Prasad. Paul received a $750.00 cash prize and a plaque as well as hugs and applause from his co-workers. Congratulations Paul!
Meet the Member—Lizzie Chiang

Meet Lizzie Chiang, graduating class of 2021. Lizzie is studying molecular and cellular biology with a minor in economics and is considering a future in cardiology or dermatology but is still undecided. In ten years, she envisions herself completing her residency at Baylor College of Medicine.

A native of Houston, Texas, she does miss some things from home like family and the freedom of having a car. She misses her four dogs—Labradoodle, Maltipoo, Longhaired Tea Cup Chihuahua, and a Chihuahua Yorkie Terrier mix. However, her schedule is full. She chose Hopkins because she knew she wanted to get into a top 10 school and got a good vibe when she toured. “It’s a good environment with the best hospital in the world,” Lizzie added. Her favorite class so far has been Economics of Health.

Lizzie has been a Club member for a year and a half. She feels it’s a nice place to get away from the craziness of campus. “It’s nice to be around adults. The Club has really good food you can’t find elsewhere on campus.” She prefers the Tap Room’s laid back, casual atmosphere to the Main Dining Room and her favorite meal is Cobb Salad with a side of Fries. “You have to have balance” she stated.

She feels at home with the people at the Club, is known by the staff, and Tiphanie has practically “adopted” her.

When she is not studying or at the Club, Lizzie enjoys hanging out with friends and tries to go to the gym every day. She’s been rewatching The Office and Psych on Netflix and is currently reading Counting Backwards, a story of an anesthesiologist and his career.

Lizzie is quite the volunteer and is involved with a number of organizations including the Red Cross where she helps with blood drives, Tutorial Project where she tutors children in grades 1-5, the Cubing Club where she teaches kids at the Kennedy Krieger Institute to solve Rubik’s cubes, and Lambda Epsilon Mu, a Latino pre-health honor society that serves the Baltimore community by mentoring middle and high schoolers, most recently in physics.

McKIM CENTER

Since 1999 the Club has been collecting Christmas presents and donating them to the McKim Community Center in Baltimore City. Again this past Christmas, thanks to the generous donations from our members, we were able to deliver two carloads full of gifts to the McKim Center for their annual Christmas party. We received a letter of thanks from Dwight Warren, the Center’s Executive Director, who was most appreciative of the Club’s continuing support. Thanks everyone for helping us continue making this a grand tradition!

YOU CAN’T BEAT BEETS

Beets are a fantastic earthy, sweet root vegetable that comes in pink, red, yellow, orange, and white varieties as well as different sizes. They can be eaten raw or cooked. The bulbous root and leafy stalks are both edible. Select beets that are firm, smooth and blemish free. If you choose to roast whole, choose beets that are similar in size. The greens are delicious sautéed with ginger and shallots. Greens should be bright green with perky leaves and with no wilting. Before storing, cut the bulbous root and place leaves and stalks in a perforated plastic bag in the crisper. The roots can be stored loose also in the crisper. Wash the beets and greens only before using them.

LUNCH & LECTURE

Tuesday, March 26, 2019  12:30pm

Co-hosted by Johns Hopkins University Press

We’ve all heard stories of the once extraordinary health and abundance of Chesapeake Bay—describing massive migrations of fish and waterfowl, crystal clear Bay waters, and unbelievable harvests of oysters and crabs. But how do today’s scientists look back to these varying historical accounts and reference points (to a series of “shifting baselines”) and interpret them as useful environmental assessments of the Chesapeake ecosystem over time? Vic Kennedy, emeritus professor at the University of Maryland Center for Environmental Science, joins us to discuss his important new environmental history of the Chesapeake—the story of how one of the world’s most productive aquatic regions worked when it was “firing on all cylinders” and what the Bay’s abundant past can tell us about its uncertain future.

Reservations required. Cost: $24.00 plus surcharge and sales tax. We will begin promptly at 12:30pm with Lunch including Beverage and Dessert, followed by the Lecture.
